KINGSTON, CARBONETTE VIE FOR CONSTABLE; CURET FOR SHERIFF

NOLAN A. KINGSTON

FRED CURET, JR.

WILLIE E. CARBONETTE

TO THE PEOPLE OF HANCOCK COUNTY:

Please accept this as my formal announcement as a candidate for the office of Sheriff and Tax Collector of Hancock in the Democratic Primary to be held on the 4th day of August, 1959.

I was born and reared in Hancock County. I am 39 years old and the son of Mr. Fred Curet, Sr., and the late Mrs. Mozella Williams Curet.

While acquiring my education, I attended the following schools: Kiln, St. Stanislaus and P. R. C. In 1939 I enlisted and served almost 9 years in the U. S. Marine Corps; 3 years of this was spent in a prisoner of War Camp in Japan.

After receiving an honorable discharge, I immediately began my training as a member of the Mississippi Highway Patrol. After completing my training I began active duty with the patrol and had the fortunate opportunity to serve a great deal of my time, on patrol duty, in Hancock and Harrison Counties. My record, while on duty, as a patrolman, will reflect that I have consistently carried out the mandates of the law and at the same time had due regard and respect for the rights of my fellow man.

I have no attachments, either directly or indirectly, that would cause me to show favoritism to any particular person or group of persons.

If elected sheriff and tax collector, my office will be open, at all legal hours, and in tax-paying months my office will not be closed until all who are present shall have been served. At tag buying time I shall maintain automobile tag buying stations at various places in the county for the convenience of the citizens of this County.

If the good people of this County will honor me with the privilege of serving them, as their Sheriff, I can assure each and every one, that you will not regret your vote, if you cast it for me.

Sincerely submitted,

FRED CURET, JR.

COLE SCOUTS

For over forty years the Girl Scout Council has been active in the fight against juvenile delinquency by instilling in the young girls of today the ideas and principles they will need to be outstanding citizens of tomorrow.

Hancock County's fair share of the budget for professional help and services has been set in the amount of \$800.00 - which make the monetary cost of good Girl Scouting less than \$4.00 per girl.

The support you give the adult volunteers is greatly needed and deeply appreciated and we trust that you will continue to share in this worthwhile work by helping us again this year.

Girl Scout Brownies, register for camp now. Don't wait until the last minute then possibly forgetting until it is too late. Typhoid shots will be given at the Health Dept. on Carroll Avenue, on Mondays and Fridays from 10 to 12 mornings and 2 to 4 evenings. If you had taken typhoid shots last year, you need only one this year. Boy Scouts will be given their health examinations on June 10 from 10 to 12 and Brownies will also be given their health examinations on June 10 from 2 to 4.

Girl Scout examinations will be on June 17 from 2 to 4. Everyone going to camp must have health certificate, and typhoid shots.

HOMETOWN COMMUNITIES HAVE 1712 PROJECTS

Let all who pass know what the Seniors of '50 left at SSC is a appreciated and worthwhile gift.

You will be wise to wash dirty blankets before storing them for the summer.

If yours is an electric blanket check the manufacturer's instructions before washing it in a washing machine. Many electric blankets can be successfully washed in the machine others must be hand washed.

LAUNDERING BLANKETS
The home economists at the Ohio State University developed a method of laundering woolen blankets that is quite successful. Follow these steps.

Wash only one blanket at the time.

Shake well.

Treat excessively soiled spots with a solution of detergent or mild soap and water.

Fill washer with warm water. Add water softener if you use soap and your water is hard.

Add detergent or soap and dissolve, then turn machine off.

Put blanket in machine and let it soak (15 to 20 minutes). A very soiled blanket may be agitated for one minute, not longer. It will be well to stir it a few times while it is soaking.

Spin out the wash water. Shorten the spin period, if possible on your machine.

Rinse in two deep rinses by letting the blanket soak (no agitation) five minutes in water about the same temperature as wash water.

Spin out water after each rinse. Shorten the first spin period.

DRYING BLANKETS
Air drying. You can dry the blankets on a clothes line. Parallel lines are better. Stretch the blanket as it dries. Brush with a stiff clean brush while slightly damp. This raises the nap and softens the blanket.

Dryer drying. You may dry your blankets in your automatic dryer. Check your electric blanket instructions before putting it in a dryer.

Preheat dryer on high heat for 4 minutes. Add several (5 or 6) large clean bath towels and the blanket. Dry about 15 minutes and remove the blanket while it contains some moisture.

Stretch the blanket and let it complete drying in the air. Brush well.

HAYS YOU TRIED FRESH PINEAPPLE
The peak of the season that we see fresh pineapples in our stores continues through June. Check the prices, color and odor in buying. Color and odor are important in judging the quality of pineapple. A choice pineapple has a fresh clean look, a dark orange-yellow color combined with a delicately fragrant odor.

The "eyes" are flat and almost hollow. When pineapple is fully ripe you can pull the spikes out with only the slightest tug.

On Haunted Hill, the cost Price explained, "marks the return to the screen of the classic ghost story—an area of entertainment that has been neglected far too long."

"Youngsters today have never seen a real ghost story on the screen," Price avers. "And that's a pity, because they haven't been allowed to thrill to pictures and plays like 'The Bat,' 'The Cat and the Canary,' 'Seven Keys to Baldpate' and 'The Monster,'—vehicles that delighted and entertained their parents."

"There is a big difference between a ghost story and what to day passes for a horror picture. Nothing comes out of the lagoon and there are no four-headed zombies or human-devouring plants in a ghost story. In the latter category, the producers, writer, director and actors strive for sheer spookiness; the unreal and unearthliness. It is a delightful form of entertainment, and one that hasn't been exploited for far too long a time."

When not busy before cameras or on Broadway, Price tours the nation to speak on the appreciation of art, on which he is one of this country's few top experts. Following his lectures, he meets informally with his audiences to find out just what kind of film fare they prefer. And they tell him.

"They like a good love story," he says, "and they also asked why Hollywood had neglected to make good ghost stories. When they found out 'House On Haunted Hill', a classic ghost story, was about to be filmed, they all agreed it would be a most welcome picture in their various communities."
